
Date: 19 Sep 2010**Part No.: PS80457**

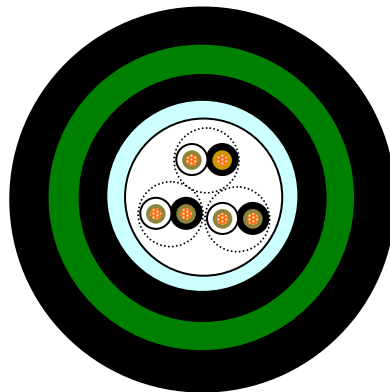

1.5MM² MICA & LSZH INSULATION SHIELDED SWA VERMIN-PROOF FRPVC FIRE RESISTANT SPEAKER CABLE

Application:

This cable is used for power limited circuit, remote control, signaling, security systems, communications, intercom/P.A. systems, sound/audio, and nurse call.

Construction:

Armoured Type:

- Conductor:** 1.5mm² Annealed copper wire conductors class 2.
- Insulation:** Mica tape and LSZH insulation
- Collective screen:** Aluminium/p.e.t.p. laminated tape applied with the metallic side down in electrical contact with a 0.5mm 2 tinned copper drain wire over the p.e.t.p. binder tape.
- Bedding:** FRPVC compound.
- Armour:** Steel wire armour
- Sheathing:** Vermin-proof FRPVC
- Packing:** The cables are delivered on non-returnable wood drums.
- Standard:** IEC60332 & IEC60331
