

# Competitive Products

Caledonian is a professional manufacturer of kinds of special cables .

## Fire resistant Cables

Fire alarm systems  
Fire detection systems  
Emergency lighting

IEC60331, BS6387 CWZ, BS8491, EN50200, BS8434 etc.

## Airport Cables

Airfield lighting systems, lighting circuits, control circuits, and airfield control equipment.

Primary circuit cables, secondary circuit cables, 400Hz cables  
FAA L-824, VDE 0295, ENV 50213, etc.

## Rolling stock cables

Underground, mass transit lines and tramlines as well as diesel and regional trains

EN50264, EN50306, EN50382, EN45545-2, DIN 5510-2, BS 6853, NF F 16-101, etc.

## Offshore Cables

shipboard wiring, offshore platforms, and other at-sea installations for oil drilling and production

IEC60092, NEK606, BS6883, BS7917, etc.

## Instrumentation Cables

diverse applications within industrial process manufacturing plants for control, communication, data (analog/digital) and voice transmission signals in industries

EN50288-7, BS5308, PAS5308, NF M 87-202, etc.

## Composite & Customized cables
